2. Place all meeting materials back in storage containers and into left-side closet on top shelf.
3. Arrange tables and chairs back into configuration designated by photo near the door of the room.
4. If there are no other groups that remain in the building, turn-off all classroom lights and the 2 light switches next to the back door of the building office (not the switches by the front door, these lights stay on)
5. If there are no other groups that remain in the building, use the key in the lockbox to lock all exterior doors to the building. Check to make sure the back door is locked from the outside.
